SKILLS

- **Programming Languages:** C, C++, Python, HTML, CSS, JavaScript (Basics), TypeScript
- **Development:** Full Stack Development, App Development, Desktop App Development (Electron), Frontend (React), Node.js
- **Tools & Version Control:** Git, GitHub, npm, Open Source Contribution
- **AI & Data:** Generative AI, Prompt Engineering, AI Agents and Subagents (Claude, Gemini), Exploratory Data Analysis, Data Analytics
- **Cybersecurity & IoT:** Cyber Security Fundamentals, Identity and Access Management (IAM), IoT Network Specialist
- **Agricultural Engineering:** Agricultural Engineering Fundamentals, Kisan Drone Operation (NSQF Level 4), Genetics

EDUCATION

- Agricultural Engineering (2nd Year) | JIS College of Engineering, Kalyani — *CGPA: 8.6 | (Nov '25 - Present)*
- XII (CBSE) | Sarada Vidya Mandir — *86% | (Up to Feb '25)*

ACADEMIC PROJECTS

- **Agent-Reach - Open Source AI Agent Tool (Hacktoberfest Winner, MLH 1st Prize)** — *Oct 2026*
  Contributed to an open-source Python CLI that sets up internet access for AI agents across 16+ platforms. Won Hacktoberfest hackathon and MLH 1st Prize, Open Source category - Python, CLI, Git, GitHub.
- **Astrix Browser - Chromium-based Desktop Browser**
  Led architecture and browser core in a team of 3. Multi-tab management, omnibox with search providers, bookmarks, history, downloads manager, find in page, sandboxed security (contextIsolation on, nodeIntegration off) - Electron, React, TypeScript, Node.js.

EXPERIENCE

- **Hacktoberfest Hackathon | Winner** — *Oct 2026*
  Won the hackathon with an open-source AI agent project (Agent-Reach). Tools: Python, Git, GitHub.
- **CodeVoyage | Track Winner** — *2026*
  Won the track in the CodeVoyage competition.
- **Open Source Contributor | GitHub** — *2026*
  Contributed to open-source projects on GitHub using Git and pull requests, including Agent-Reach.
- **Freelance Developer | Fiverr**
  Delivered freelance projects for clients on Fiverr.

ACHIEVEMENTS

- **MLH 1st Prize** (Open Source category) for contribution to Agent-Reach; Winner, Hacktoberfest hackathon; Track Winner, CodeVoyage.
- **Author of two bestselling books on Amazon:** Tantric Trail and Tantric Trail Part Two: Guardian (Part 1, Part 2).
- **Participated:** Google PromptWars Virtual (submitted verified GenAI solution), Open Source Hackathon (Enginow), Buildathon 2026, Doubleslash 4.0 (Jadavpur University), AI Quest (DeVriksh), Enigma and Excavate - COMPOSIT 31 (IIT Kharagpur), Gemini QuizOff 2026.

CERTIFICATES

- Deloitte Cyber Job Simulation - Forage (Jun 2026)
- Deloitte Data Analytics Job Simulation - Forage (Jul 2026)
- Cybersecurity Analyst Job Simulation: IAM - Forage (Jul 2026)
- GenAI Powered Data Analytics Job Simulation - Forage (Apr 2026)
- Introduction to Subagents - Anthropic
- Google AI Educator Series: Intro to Gemini, Intro to Vibe Coding, K-12 Pedagogical Design (2.1)
- IoT-Network Specialist, 60 hrs - Reliance Foundation Skilling Academy (Apr 2026)
- Kisan Drone Operator, NSQF 4 - Agriculture Skill Council of India (Apr 2026)
- Certificate Course in Genetics - Reliance Foundation Skilling Academy (2026)
- AI Tools and ChatGPT Workshop - be10x

HOBBIES

- Acoustic Guitar, Electric Guitar, Melodica, Mouth Organ, Keyboard
